| **Voicemail** | Unlimited | | | | | |
| **National diversions** | Charges apply | Unlimited | | | | |
| **International Roaming**<br>Whilst overseas | See roaming information pack | | | | | |

## Excess spend limit

Services have a default $0 excess spending limit to avoid bill shock. Enabling excess spending on your service will allow calls to international to non-included countries and international roaming.

## Data usage

Data is counted in Megabytes MB (1GB = 1,024MB) and includes uploads and downloads. Data is shared between all services in a data pool, with up to 200 services per pool. If the data pool is exhausted, you will auto top-up 10GB for $60.00 Inc GST. Any unused data at the end of the billing cycle is forfeited.

## Usage Notifications

We'll send an email alert when you reach approx. 50%, 85% and 100% of your shared data pool. You can check your balance via https://myaccount.businessict.com.au.

## Plan changes

You can change your plan at any time; however, it is not prorated. The new plan will apply in full on the day of the change unless made on the 27th of the month. The new plan inclusions will begin immediately.

## Cancellation charges

You may cancel your plan with us at any time and will be charged until the end of the current billing cycle.

## International Talk & Text

To use your mobile service to call non-included international countries, you'll need to enable excess spending by emailing support@businessict.com.au or calling 1300 988 505.

- Calls to included international countries are unlimited for the 30GB and higher plans.
- Calls to non-included international countries are charged per minute.

| Countries with Unlimited International Talk & Text on selected plans (for use in Australia) | | | | |
|---|---|---|---|---|
| China | Greece | Ireland | Singapore | United Kingdom |
| France | Hong Kong | Malaysia | South Korea | USA |
| Germany | India | New Zealand | Thailand | Vietnam |

## International Roaming

To use your mobile service overseas, you'll need to enable international roaming and excess spending by emailing support@businessict.com.au or calling 1300 988 505.

**Enjoy WiFi Calling & SMS** - Call and text home at no cost even without mobile signal, or an active roaming pack, when using WiFi.
